

The Copper Queen Store.

It's Spring Time Throughout the Store!

Especially on the second floor where the wearables are.

The Men's Furnishings Department, the Shoe Department, are showing the new Spring Goods—and an interesting display it is.

The formal opening in the Dry Goods department occurred last Monday—and all week long interest has centered on the Millinery.

There'll be other new goods to interest you this week.

The stocks are in better shape to take care of your before-Easter wants than ever before—but we'd not be store keeping the right way if one year's experience didn't fit us to serve you better the following year. Omitting details, some of the new goods are:

FOR MEN—New hats, including the Dunlap and Stetson.

New shirts; the soft bosom shirts in the newest patterns and colors; the E. & W. dress shirts.

Clothes ready to put on and suitings ready to be cut to your measure.

Hanan shoes—the top notch of shoe style and goodness.

Shoes that cost less than Hanan's and that wear and look well.

FOR WOMEN—Walking hats, a second shipment but a few days from New York.

Trimmed hats that have received many compliments during the past week.

New undershirts—ginghams, madras, lawns, mercerized goods and silk. The silk ones are elaborate and handsome.

Exclusive patterns in waist and dress silks.

Albatross—the soft, clinging wool stuff that is worn so much.

Belts in folded and tucked satin, taffeta and moire; the Du Barry belt among them.

Shoes, slippers and ties—the newest lasts and styles.

From head to foot; for man, woman or child—everything that's needed, and all new.

"Heaven sends us good meat, but the devil gives us cooks."

To have and to hold a good cook has ever taxed the ingenuity of the caterer.

It was ever thus for time immemorial.

The New England Kitchen

is fortunate in having good cooks, men who take a professional pride in doing their work well.

We wish to announce to the public that we have secured the services of a first class pastry cook who will hereafter furnish us with superior pies, cakes and sick nacks.

Watch for our new bill of fare now in the press—it will make a difference in your board bill for April.

TOVREA & MOSSMAN

Choice Beef, Pork, Mutton, Sausage and Dressed Poultry.

OUR MOTTO

will be "The Best Always." By merit alone we expect to share your patronage. Respectfully soliciting your trade at the old stand of Overlook's.

ALARMING CONDITIONS UPRISING IS FEARED.

Madrid, March 22.—That Spain is on the verge of a serious uprising is very evident from the occurrences of the past few weeks.

The forming of the new cabinet under the direction of Premier Sagasta has been followed by alarming manifestations on the part of the bitter enemies of the government. Mutterings of discontent are heard in Madrid

and the principal cities of the empire.

The first act of the cabinet at a meeting held tonight will be the issuance of an order making religious organizations subject to a civil law similar to that in force in France.

As a result of this action, all uprisings are being backed by ecclesiastics. The situation is extremely serious.

WESTERN INTERESTS AT WORLD'S FAIR.

WILL ATTRACT ATTENTION AT THE WORLD'S FAIR.

Western Energy and Public Spirit Will be Exemplified in St. Louis Next Year.

St. Louis, Mo., March 22.—One of the attractions of the Montana state exhibit at the Louisiana Purchase Exposition, already agreed upon by the Montana commissioners, is Edward Beaupre, the Louisiana Purchase giant. Beaupre was born in Montana, is 21 years old, is 7 feet, 10½ inches in height, and weighs 267 pounds. Beaupre is a ranchman, and he often takes a 1000-pound horse under his arm and carries it about the pasture. He can walk off with 2000 pounds on a straight lift.

The Colorado World's Fair Commission has asked for exhibit space as follows: Minerals and ores, 100x120 feet, three times the space at the Chicago Exposition; machinery and mills, 200x300 feet; horticulture, 60x100 feet; state building, 200x300 feet; irrigation farm, 200x300 feet; machinery exclusively, 150x200 feet; art, 20x30 feet; educational exhibit, 40x60 feet; fish and game, 60x100 feet.

"Scotty" Phillips of Pierre, S. D., is preparing to bring his herd of Buffalo to St. Louis for exhibition at the World's Fair in connection with a Sioux Indian village.

The Poultrymen of California have started an exceedingly lively competitive interest in the poultry exhibit at the coming exposition. Breeders of fancy poultry in every quarter of the great Pacific Coast state, so the Pet Stock Tribune of San Francisco says, will be at the fair with the highest scoring birds the world has ever seen.

A Holbrook (Arizona) mercantile firm has employed 140 Navajo squaws, who are kept busy weaving blankets against the anticipated World's Fair demand in 1903.

ARE NOT RESPONSIBLE.

Judge Holds That Steamship Company is Not Liable for Damages.

March 22.—Federal District Judge Townsend today decided that French Transatlantic Company could not be held responsible for damages for loss of the sinking steamer La Bourgogne. The decision was rendered through an application made by the company for limitation of its liabilities for damages resulting from this disaster.

TO FIGHT BACK.

English Tobacco Company to Spend Millions Recovering Trade.

New York, March 22.—In retaliation for the American Tobacco Company's attempt to seize the English trade, the Imperial Tobacco Company of England will spend several millions in a war against the American company. It will be through the Universal Tobacco Company and its allied corporations that the war will be waged.

ANARCHISTS AT WORK.

Blow Up the Residence of the Mayor in Brinche, Belgium.

Brussels, March 22.—Anarchists today blew up the residence of Mayor Derbaix, of Brinche City, in the coal mining district. The house was blown to splinters. Several persons were injured.

TELEPHONE DECISION.

Detroit, March 22.—The Circuit Court today handed down a decision in effect that the subscribers of a telephone company which has been absorbed by rivals, are entitled to service from both companies for one rate.

DEMOCRAT IS SEATED.

Washington, March 22.—The house today decided that John Burnet, Democrat, of Alabama, was entitled to his seat in the house. Spears, contestant, failed to prove charges of fraud.

METAL MARKETS.

Lead, 4.12; silver, 54; copper, 12.

MUNICIPAL ELECTION IS DRAWING NEAR.

VERY LITTLE INTEREST BEING MANIFESTED SO FAR.

Angius and Letson of the Old Council Refuse To Be Nominated for a New Term.

Yesterday afternoon the remark was made that Bisbee is not a town where politics thrive, and the truth was told. Thus far candidates for the city offices are holding back to see what happens. Those who are willing to announce themselves all do it with the understanding that the office must seek them.

There is a move on foot in some quarters to lay aside party lines during this campaign and select a ticket without regard to the politics of the candidates. As the matter is talked about it seems to be gaining in favor. Yesterday afternoon Justice Williams, Republican, said:

"I am strongly in favor of selecting the city officials at a mass meeting. I believe that it would be to the best interests of the city."

"Officials selected in this manner would have the support of all the people. There are many important matters to come up in the near future, and men should be in office who are put there by all of the people."

"This is not a time when party lines should be drawn. Neither party has anything to gain by having in office their candidates. The immediate future of Bisbee has no connection with politics of any kind."

City Marshal.

About the only office for which there appears to be any particular strife is the city marshal. Already there are three candidates in the field with more to hear from. Both Dayton Graham Republican, and James Henderson, Democrat, have said that they are in the race. By agreement neither will make a public announcement.

J. H. James, Democrat, is out for the place. He says:

"I will be a candidate subject to the action of the convention. I will carry my dinner pail into the mine until the day of election. If I win I will lay it aside."

The office of city marshal pays a salary of \$150 a month. The marshal has control of three police officers, who are appointed by the council.

First Ward.

In the First ward there are, up to date, three prospective candidates for the city council. Those mentioned are E. G. Ord, Edward Scott and L. Shattuck.

E. G. Ord, Democrat, who is at present serving on the council, says: "I will make no effort to get the nomination, though if the Democratic party wants me, I will serve."

Friends of Scott say that he is willing to serve, and Shattuck is away from the city at the present time.

Second Ward.

The way things look at present, the Second ward will have some trouble getting candidates.

James Letson, who is now representing this ward in the council is a Democrat. He says: "I will not be a candidate for the council from the Second Ward. I don't think I would run even if nominated."

A. T. Soles has been mentioned as a candidate on the Democratic ticket. When asked about the matter he said: "I have not considered the matter, and have not made up my mind what I will do."

"I have not heard that I was a candidate for the council from the Second ward, said H. M. Woods, Republican; when told that such a report was in circulation, "I have not considered the matter at all."

Third Ward.

P. Johnson, Republican, who is now serving in the council, was asked if he would be willing to serve for another term. He said in reply: "I will be a candidate for the council from this ward, though I will step aside if somebody else wants the place. I hope this election will not be run on party lines."

J. B. Angius, Democrat, who is now representing the Third ward, says: "I will not be a candidate. I cannot attend to the duties of the office. I would like to serve if I had time."

Mayor.

As announced in the Review yesterday, Mayor Muirhead, Republican, will be a candidate for re-election. No one has been mentioned for the place in opposition to Mayor Muirhead. This office pays a salary of \$20 a month.

City Clerk.

The city clerk receives a salary of \$50 a month. I. W. Wallace, Democrat, is at present in office. "I will leave the matter of my nomination entirely to the convention. I am taking no action in the matter."

William Kinsey is also mentioned as a candidate for city clerk, though the report could not be confirmed.

City Attorney.

According to the law under which this city incorporated, the city attorney will not be elected at the polls.

After the council is elected they will name an attorney to represent the city in legal matters.

J. M. O'Connell, Democrat, who is at present city attorney, says: "This is not an office for which the holder should make a fight. I will accept the appointment if the city council sees fit to make it."

W. P. Miller, Democrat, says: "The law makes no provision for a city attorney, though the council can appoint one. If the council thinks my services will be of any value to them, I am willing to serve."

Supervisor of Streets.

Daniel Hanley is reported to be out for this place. He will make application to the county board of supervisors for appointment as road overseer for the district outside of Bisbee. If successful he will combine the two offices.

B. F. GRAHAM'S LETTER.

Head Nurse Tells a Review Reporter How Whiskey was Used.

The communication printed in the Review yesterday and signed by B. F. Graham created a great deal of talk among those who are taking an interest in municipal affairs.

T. A. Bowen, who for the past sixty-five days has served as head nurse at the hospital, was seen by a reporter and had the following to say:

"With regard to what Mr. Graham says, I want to remark that he is mistaken in the ground he takes. His remark about bathing the patients in whiskey is wrong."

"In treating smallpox whiskey is a necessary medicine. It is about the only remedy that has much effect. Physicians all say this."

"The whiskey was administered in doses as needed by the patients. It was at all times kept under lock and key. None of the sick were allowed to drink what they pleased."

"I used one gallon a day while we had an average of nine patients. This would be about a pint to each one during twenty-four hours. Medical men will bear me out when I say that this is a small amount for the time stated."

Mr. Bowen last Friday resigned his position as head nurse. He has been asked to appear at the next meeting of the council and explain the manner in which whiskey was used at the hospital.

REPUBLICANS MEET.

Will Hold Their Convention on Monday Evening Next.

Next Monday evening, at the John son hall, the Republicans of this city will get together for the purpose of nominating candidates for the office of mayor, clerk, marshal and supervisor of streets. On Wednesday evening they will select candidates for the city council from each of the wards.

At a meeting held last night in the office of Justice Williams, the first step was taken towards drawing up the Republicans in line for the city election, which is to be held on April 7.

The meeting was called by the county central committee. Mayor Muirhead was selected chairman and James Farley, secretary. The resolutions of John A. Campbell and Gus Landan were accepted.

Attorney Miller was present, and at the request of the meeting explained the laws governing the incorporation of this city, and what course should be pursued in making nominations.

After discussing various matters concerning the nomination of candidates, it was decided to select five Republicans from each ward to act as a city central committee. The following were selected:

First Ward—Thomas Constable, E. ward Scott, S. K. Williams, John Zell and Amos Klindred.

Second Ward—H. M. Woods, Joe Swartz, E. A. Wittig, William Hughes and T. D. Davis.

Third Ward—D. W. Clawson, William A. Nash, C. C. Warner, S. M. Miller and Michael Doyle.

After naming the committee the meeting adjourned and the city central committee got together. The first thing done was to make W. A. Nash chairman, and H. M. Woods secretary.

A committee of three, one from each ward, to give to the city council a list of those they want named as electors was selected as follows: First, Thomas Constable; Second, J. Swartz; Third, D. W. Clawson. They will meet tomorrow in Justice Williams' office at 2 o'clock.

After giving Attorney Miller a vote of thanks and collecting \$17 to defray expenses, the meeting adjourned.

ELKS ELECT OFFICERS.

Antlered Herd Gets Together and Does Business.

At a meeting held last Friday evening, Bisbee Lodge No. 671, B. P. O. Elks elected the following officers to serve for the ensuing year:

Exalted ruler, E. Marks; esteemed leading knight, Dr. J. W. Farrington; esteemed lecturing knight, Dr. J. Nichols; esteemed loyal knight, J. C. Callaghan; secretary, W. P. Wimmack; treasurer, J. E. Brown; Tyler, W. E. Swan; trustee, Otto Gelsenhofer.

CLEVER CAPTURE BOLD BURGLAR.

OFFICERS AT NACO TAKE A BURGLAR INTO CUSTODY.

A Mexican Resists the Officers But is Overpowered—Shoots at Constables Hudspeth and McCoy.

Naco, March 22.—The patience and energy of the Naco officers were rewarded last night by the capture of a member of a band of Mexican outlaws, well known in this vicinity, and whose depredations and general all-around badness have for months caused discomfort to the ranchmen and citizens of this town, as well as the shipper and importers of goods.

Among the latter the most extensive are the Cananea Company, and one of their cars, carefully locked and sealed, was some days ago standing at the siding, ready for unloading. The contents were store goods, hams, bacon, canned meats and other necessities.

In the night the car was burglarized and about \$500 worth of goods stolen. The local officers took up the trail, but the tracks of the robbers were hard to trace, and several days passed before any success was promised. At last it was learned that a ranchman, living on the border line had been offered goods by Mexicans at prices low enough to be very much of a bargain. The goods were hams and canned stuffs.

The officers prepared accordingly, and officers T. S. Hudspeth and M. J. McCoy went out to the ranch last evening and lay in ambush at the ranch house.

The Mexicans had arranged to come to the house with a quantity of the goods as soon as the moon went down, preferring the security afforded by the darkness. It was 4 o'clock in the morning before a Mexican approached the ranch house. He was armed with a Winchester, and acted with the greatest caution, holding his gun in readiness. As he got to the front of the house, Tom Hudspeth ran from the back and called on him to throw up his hands.

The Mexican, who was then at the corner of the house, threw his gun down and fired, narrowly missing Hudspeth; at the same time jumping back around the corner, thus escaping Hudspeth's shot.

McCoy was then just behind the robber, having come from the front of the house. McCoy called on him to throw up. He turned to fight McCoy, but changed his mind and started to run. His pursuers, however, were on to him, and had him covered. The man turned to fight again, but recognizing that the officers had him at their mercy, dropped his gun and held his hands up.

Two men and three horses had been on the Mexican side of the line, waiting the return of the Mexican who was captured. They had carried two sacks loaded with hams, bacon and canned goods across the line, near the farm, then returned and waited in the brush across the line. One horse had evidently been packed with the sacks. The men of course fled as soon as they heard the shots, warning them that their comrade was in trouble at the house, whither he had gone to sell what was undoubtedly the spoils of the box car burglary.

The prisoner is in Naco jail, and was given a hearing in the afternoon. He is sullen and ugly.

The capture is an important one, and credit is again due to the Naco officers who in the border town daily take their lives in their hands for the public good. The prisoner had letters and wrappers taken from canned goods on his person when searched. He had an ample supply of cartridges.

RAILROAD EXEMPTION BILL.

The board of supervisors of this county are making arrangements to hold a meeting of the board of supervisors of the counties of Cochise, Yavapai, Mohave, Navajo and Apache counties at this place on Monday next. The object of the meeting is for the purpose of agreeing upon some united action by the counties relative to the bill introduced in congress whereby the rights, privileges and immunities of the old Atlantic & Pacific railroad are to be continued to the Santa Fe, and which exempts the road from taxation in the territories of Arizona and New Mexico.

An effort has been made on part of the counties interested, in which Cochise has taken the lead, to interest congress in this matter in so far as to oppose any bill in which the railroad seeks or seeks exemption from taxation. The time has come when earnest and speedy action is required on the part of the counties affected by the bill, and if anything further is to be done in the matter it should be done at once. —Cochise Sun, March 8.

The desire in Arizona is almost unanimous that Colonel Brodie will be made governor and that Governor Murphy will run for congress. The people can't do much to Oaks as governor, but as candidate for congress they can handle him with ease.
